

INFORMATION REQUIRED FOR A BUILDING PERMIT APPLICATION

Swimming Pool, Spa & Safety Fencing

Complete this form & return it with the building permit application

The following is the minimum information that is required to be submitted for a building permit application.

Whilst the information required might seem excessive, please note that it is the Relevant Building Surveyors (RBS) responsibility to ensure that the application contains sufficient information to determine compliance with the Building Act and Regulations. It is not appropriate for the RBS to "mark-up" plans or accept notes on plans that are too general.

Where the RBS is not satisfied that the appropriate information has been provided they must not issue the building permit and should request further information.

Have you checked with the relevant officers if you require a Planning approval? (Note; where a planning approval is required, a building permit cannot be issued until the planning approval has been received).

REQUIRED DOCUMENTATION

- Completed application form (Form 1) signed & dated
- Copy of Certificate of Title
- Property ownership evidence (copy of contract of sale, Council rates notice)
- Owner Builder declaration for domestic building work exceeding \$5000 in value
- (Owner Builders) a Certificate of consent from the Building Practitioners Board to act as an owner builder if the value of work exceeds \$12,000
(Original document to be provided)
- (Registered Builders only) A Certificate of Insurance under the Domestic Building Contracts Act for domestic building work exceeding \$12,000 in value, constructed by Registered Building Practitioners
(Original document to be provided)
- (Engineered buildings only) A Current Certificate of Compliance – Design, in accordance with Regulation 1507 and associated computations for steel & timber components outside of the design limits of recognised span tables.
